CHARACTER HISTORY

A druid of the wilds, Careon has no use for the world of men. Prior to the ships arriving, she'd never even seen a man. Now that she has, her opinions of them aren't very favorable. They cut down trees by the hundreds to build their huts, and they carve stone to reinforce them. Wasteful and disrespectful, she has no use for their kind and wishes they never came to the land of her birth. But since they have, she's taken it upon herself to ensure they don't trespass too far into the wilds.
