CHARACTER HISTORY

Shunned for being born different, even among his own kind, Jerin set out on his own the first chance he got. His adventures have taken him all over the world, though being dark elf, prejudices have kept him from staying in any one place for very long. Hiding his identity from would-be employers, Jerin often works as a sword for hire, bounty hunter, or mercenary when the coin is right.

Hearing of the discovery of Taldora and the riches to be found there, he found a ship willing to take him on as a deckhand and worked his way across the sea. Now, he spends much of his time in the wilds of an unforiving land, avoiding others where possible while searching for enough treasure to buy his acceptance among his people.
