CHARACTER HISTORY

Spending his formative years aboard a pirate ship, Selvik learned everything he could about close-quarters combat. While his size made him a great candidate for larger, heavier weapons, he found he preferred using two lighter more agile weapons.

Hearing rumor of treasures to be plundered on the newly discovered island of Taldora, Selvik and his crewmates convinced their captain to set sail. They maintain a small camp on the western beach, slowly carving their way into the dense and mostly unexplored wilds in search of riches and plunder.
